

Haul-out, Fall 2020, Group 3

Enclosed, you will find the list of the Group 3 boats or owners. These boats are scheduled to come out during the week of **September 28th**.

This year, we must proceed in such a way to avoid possible Covid resurgence later in the fall. We will also use the extra time to work in the harbor, accomplishing some of the work put aside in the spring when we concentrated our efforts on putting the boats in the water.

We are aware that this accelerated schedule cuts short on the season for many members who would normally continue to enjoy their boats. The season started late, was still quite enjoyable, and all this without a Covid incident. We must now come to an early end to the season and are relying on the cooperation you exercised through the season to accomplish a successful haul-out.

Here are some quick reminders:

- 1) You cannot leave your boats plugged in this winter, a measure to ensure fire safety;
- 2) You cannot tie your shrink wrap or other coverings to the jack stands holding your boat.

Lastly, as you probably know, all our docks are now occupied. We recommend you verify availability of docks going forward were you to change your boat, especially for one of a bigger dimension.

Group 3 List:

Campbell, Calliope, Fran-Co II, Marin, Ballade, Lilou, Story Line, Opale, Smoke on the Water, Therapy, le Bentley, Demeeter, Anatra, Fretless, 3 Dolphins II, Defying JoJo, Serendipity, Dock Holiday, l'Évasion, April Shower, Wild Thing, Imagine, l'Éternel, ZizZag, Boisvert, Huang, Rees, Arcoraci, Earendil, Lalancette

David Fleet will contact the owners of these boats in the course of next week to establish a more precise schedule.

Louise Proulx
